Dear M-5000 Participant:

Before you come to the M-5000 Training Program, we want to stress that we make no representation that the Basic Session will get people out of their bodies during the Training Weekend. We offer no warranties or guarantees that continued exercises at home would achieve this out of body state. The variations between individuals make this impossible for us to guarantee.

We also retain the right to determine if an individual may or may not continue with our various programs. If we deem an individual unsuited for further continuation of a program, we will return the balance of his fee on a pro-rate basis.
